What You Really Need To Know About Caring For A Child With Asthma

Synopsis

As difficult as it might be for a parent to deal with a child's chronic condition, there are easy ways to prevent complications and help a child lead a normal, happy, healthy life.

Customer Reviews

This was a good book for me because I was looking for information on childhood asthma and how to care for a child with asthma. I would recommend this book to any one looking for information on childhood asthma.

This book was okay. It is layed out beautifully, but the information is very basic. There is nothing in this book that you can not pull off the web with minimal effort. I suggest another more comprehensive book rather than this one.
