we rented the book for \$30 and then ended up taking inline courses, and after-all did not need the book. It never left the spot that it was set after getting the mail that day. the book came in a very poor condition but we had never rented a book before. we figured, a rental book would be rode hard and put up wet. heck, all we cared about was the info in it, not looks.so, when the rental return email came to ship it back, well we had to go find it, were it was still setting after being delivered. printed the label, drove to the store to drop it off and get receipt. we used the same box it came in. maybe 4 days later we get an email stating rental rejection, poor condition, you now own the book for \$400.00!!!!!! they proceeded to send the book back to us in a basic padded envelope this time which damaged the book even more. they said its yours to keep and thanks for the business.called , they have a specific rental department that called us back and said that we were not alone and that THIS COMPANY IS GETTING TONS OF COMPLAINTS FOR THIS VERY ISSUE. RENTAL BOOK

SCAM! \$400.00!!!

I rented this book for my bus 18 class. It is very similar, but ironically very different from the textbook we used in class. There is a greatly expanded section for Business ethics that is lacking in the essentials version. I love the life size actual poster for the Costco ethics insert. It folds out like a Playboy centerfold. Business ethics fan-boys rejoice! Sadly, there are many discrepancies from the Essentials version. The chapters don't match up, and there are much different case studies in some chapters. Double check that all important ISBN # before you order this book. I got a B in my Bus 18 class, but only after I bought the Essentials version. But if reading ethical guidelines makes you pitch tents at 3 am, you buy this book and go get your learnin' on, big boy :P

This item was being sold as a new item, but after I received it, the book condition is bad. This item was packaged improperly, which caused damage to the edges and corners. Not happy about quality and transit time.

This book was falling apart and has pages that have got wet. I will never buy acceptable again, I thought I chosen good there was book with good and like new for some price. Now I have a one ugly crappie book that I Paid 93.00 I could of got better one for cheaper. Make sure you get good or better.

Very satisfied! It's a hard cover text book in Wonderful condition sold at a great price. Also it could not have came at a more perfect time. Two thumbs way up thanks!!!

I live in Japan and my book got here in no time. The quality of the book was outstanding and it really helped for my class. Thanks, I got an A in the class.....

This was the right book for the class I forgot how much schoolbooks cost this one was quite pricy. I will have to plan better so I can look at buying a used book.

The book was the exact book I need. minimal highlighting but in great condition! I love how the books gives examples of everything discussed in the text.
