# Medical Law And Ethics (5th Edition)

## **Synopsis**

For all courses in medical law and/or ethics in programs for nurses, medical assistants, and all allied health care professions Complete, accessible, and up-to-date Written for health professionals of all kindsâ "not lawyersâ " Medical Law and Ethics covers the full spectrum of topics that affect practice. Fully updated coverage includes: the legal system, professional liability and medical malpractice, physicianâ "TM's responsibilities, medical records, ethical and bioethical issues, and current regulations. Actual legal cases illuminate subjects ranging from patient confidentiality and abortion to death and dying. Med Tips provide quick scenarios and guidance about law and ethics. Each chapter contains glossary terms, exercises, and an actual case; appendices provide current sample codes of ethics.

## **Customer Reviews**

Arrived right on time. However, I purchased a new book The upper left hand corner is all smashed in and creased. Something sticky on the outside cover. Looks as though it may have been used and returned. This is definitely not a new book.

I purchased this for my online class for massage therapy. It was such a good deal! Brand new condition, no wear or tear anywhere. For the price and quality, I was very impressed!

I received it in PERFECT condition , i was able to pass my class with no worries(:

School said to get it. SO FAR I am enjoying another textbook!

I am happy to purchase this....comes in handy for review!!

Good condition needed it for one semester it did its job

I received the wrong book. Very disappointed.

Exactly what I need new and at great price
