Customer Reviews

My friend bought me this cute birthday book. For those of us who can't remember a date to save ourselves, this is a godsend! I like the size of it and the pictures and quotes are too funny! You won't go wrong with this purchase. Anne Taintor is hilarious!

Is good for basic use... Pros: I liked how it gave the facts on the monthly flower, stone and zodiac signs, the fact it had a hard-bound spine, the size is convenient, not too small. However Cons: Would liked to of had a little more room per date - It lists 8 dates/page, and with my writing, I can fit maybe 3 names/dates per date area. But is fun, and I got a great price so can't complain!

Love the item. Perfect place to keep all important bday dates! And, it's cute enough to leave out for others to also look through. The retro-vintage pictures inside are absolutely great and there are a lot of them.

I bought three of these for my girls as a Christmas present. They loved them and I know they will keep them for a very long time. They did really like that I prefilled out birthdays and such, but that is beside the point. It's a very cute book and I recommend it to help you keep track of important

birthdays.

There is only a single line for each day of the month. I have multiple friends with the same birthday; had to write really small. I would have LOVED to have this idea expanded with more lines for each day and a section for addresses.

I ordered this because I forget peoples bdays OR forget to carry them to my next years calendars. Bought one for my mother and sister to help keep them in line and because the captions on the photos are always so funny!

A great book to keep those special birthdays. I use to keep them on a regular calendar, but they would get lost in all the appointments and things also written on that month. This is an excellent way to keep up.

I recently married into a very large family and have a lot of trouble remembering everyone's birthdays. This book is perfect to help me keep track. No more feeling like a jerk when I forget an in-law's birthday! Love it.
