Case Law And Conclusions: A Fathers Rights Guide (Case Law And Conclusions For Fathers' Rights Book 1)

Synopsis

This file contains well over 260 case law references relevant to Fathersâ™ Rights, divorce, custody, child support, division of assets, and Fathers Rights; divided into several categories. State laws vary under the "Domestic Relations Exception" giving states the jurisdiction over divorce law. However, certain constitutional rights will override these as no state can make any law that takes away the Constitutional Rights of its citizens. This work is the compilation of many other peoplesâ™ work over many years. Some are state specific and some are federal and Supreme Court law. Many people believe that family courts act unconstitutionally and ignore the law in favor of various biases. Many people believe lawyers will not challenge judges for the benefit of their clients because they must appear regularly in front of these very same judges. Many people believe that the legal costs created by divorce attorneys are mostly unnecessary in the divorce industry and that it is this profit-driven motive that encourages great conflict, which harms children for life. Great cases are based upon case law in each State, as well as, Federal Case law; all of which affects Fathers Rights. This manual has case law and conclusions listed that are specific only to Fathers Rights. Case law that you can use in your case, right now! In fact, the opposing side legal counsel will have no idea where youâ™re getting this "stuff" from; but, simply put, it works! Covers Constitutional protections, United States Code, Peonage, Court of Appeals Cases, State Court Cases and thorough conclusions of law in Fathers Rights cases that may apply directly or indirectly to your own case; however, make no mistake, you can immediately learn from these cases and use the concepts.

Book Information

File Size: 605 KB

Print Length: 55 pages

Publisher: NBFR (May 15, 2014)

Publication Date: May 15, 2014

Sold by:Â Digital Services LLC

Language: English

ASIN: B00KD93X5M
